

Ivan Vizcarra

Front-end developer

1 year of experience in personal projects and 4 years at university studying Engineering Informatics, working in a team, being a team leader of 4-5 people, solving problems together.

Experience

- Personal projects that you can see in my [portfolio](#), such as a CRUD, To-Do List, a project involving API management, and the development of front-end for web pages and landing pages. At university, I have experience in problem-solving with a team, often taking the initiative and actively collaborating and assisting others.
